

HUSH NOW

Musik: Christina Stöhr, Heiko Koengeter

Text: Christina Stöhr, Heiko Koengeter, Levi McGrath, Eddy Scheck

1)

I lay my head down, close my eyes,
I hear the world go silent
Hush now, hush now.

2)

God, please forgive me, where I've done wrong
quiet my mind and calm my soul,
rest now, rest now

3)

Please let your angels watch over me
while twinkling stars sing gently
dream now, dream now

4)

Your loving arms hold me now
keeping me safe till morning
sleep now, sleep now

1)

I lay my head down, close my eyes,
I hear the world go silent
Hush now, hush now.
